Benefitting Nick Brown

A native of St. Landry Parish, Nick is in need of a life saving liver transplant due to cirrhosis and is currently undergoing treatment and care at Ochsner in New Orleans.

Nick is married to Christina and is a Stepfather to Haley & Luke. He has deep roots in the community, having participated in many local benefit events & cook-offs, as well as donating time to the local youth baseball and softball program in Washington.

Let us come together as a community to support Nick as he has supported others in the community.

Food • Drinks • Bike-n-Jeep Run

Kid's Activities • and More!
